

Pharmaceutical Biomaterials and Regenerative Medicine: From Concept to Manufacturing

Hosted by the NJ Center for Biomaterials – Rutgers, The State University of New Jersey

OCTOBER 23-24, 2017

RENAISSANCE WOODBRIDGE HOTEL – ISELIN, NEW JERSEY

Join this unique conference covering break-through science, manufacturing challenges & regulatory issues relating to pharmaceutical biomaterials & regenerative medicine. Our program will be of great value to academic scientists interested in translational research and industrial scientists & managers working on the commercialization of innovative pharmaceutical & regenerative medicine products.
